# CONNECTED. ALL SYSTEMS GO.

**Confidence. Awareness. Control.** The Milcarb Mobile Portal marks a turning point in the world of beverage gas — with an ecosystem of smart beverage gas tech now connected through one simple application.

With anytime, anywhere access to system status, it means a new dimension of awareness, service and efficiency for you and your customers — while the revenue and the beverages keep flowing.

# CARBO-SWITCH

## Seamless. Intelligent. Elegant.

Ensure your cylinder customer never loses gas during business hours and never has to pick up a wrench. Carbo-Switch monitors pressure and changes over to the back-up cylinder in seconds — and keeps you updated every step of the way.

- Manifolds 2, 3 or 5 high-pressure cylinders
- Last-cylinder trigger notifications
- Can auto-generate gas delivery

### UNIT SPECS

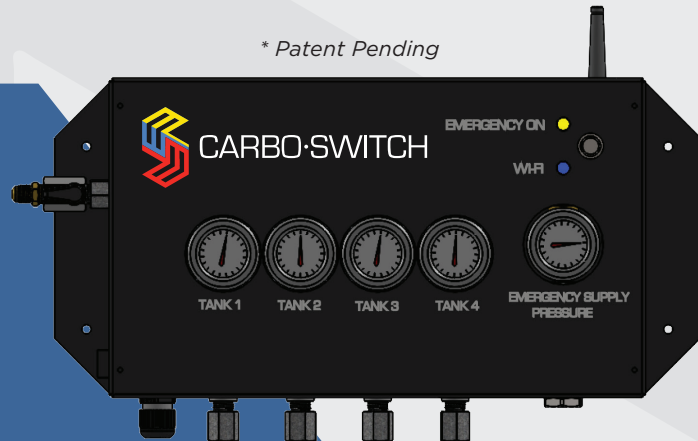

**Dimensions:** L 17.75" x W 3.25" x H 8.75"

**Weight:** 13-17.75 lbs. (by model)

**Electrical:** 120V 2A 60HZ

**Pressure:** 100-125 PSI - Main  
0-3000 PSI - Emergency

*\* Patent Pending*

# NITRO-SWITCH

## Less downtime. More Money.

Introducing a next-gen solution for any beer system powered by a nitrogen generator. Nitro-Switch eliminates downtime and waste by detecting system issues and auto-switching to a back-up cylinder while alerting you immediately.

- Integrated kill-switch
- Compatible with N2U® or alternative generators
- Auto service notification
- Manages inventory data

### UNIT SPECS

**Dimensions:** L 15.75" x W 3.50" x H 11.20" (w/ antenna)

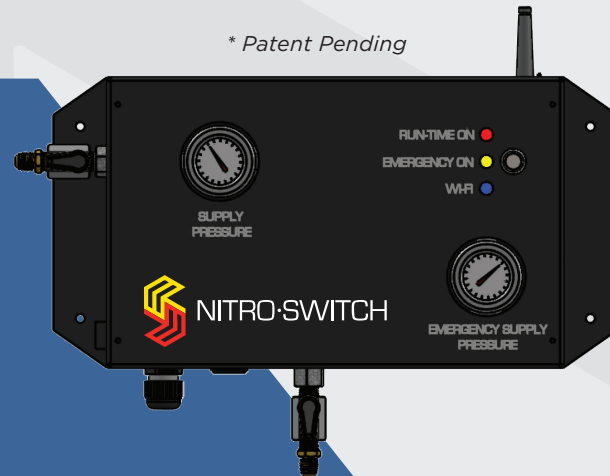

**Weight:** 10 lbs.

**Flow Rate:** 6.61 SCFM

**Electrical:** 120 V 2 A 60 HZ

**Pressure:** 80-125 PSI - Main  
0-3000 PSI - Emergency

*\* Patent Pending*

# BULK-SWITCH

## Top-tier service. Total control.

A hero of the Milcarb Switch Series; this advanced tech monitors pressure and triggers a kill switch whenever it drops — while simultaneously auto-shifting to a back-up cylinder. Operations continue without interruption and you know there's an issue before your customer does.

- Integrated kill-switch
- Monitors bulk and tank pressure
- Eliminates iced-tank incidents
- Cut-off Switch for payment issues
